****Important****

This "Watchdog" Series panel is for small effluent type pumps only. No provisions for motor heat sensors or seal probes are provided. When ordering any of the above panels, match the full-load-amperes (FLA), of the pump(s) you are using to the chart below and add the proper suffix to the model number. EXAMPLE: You need a duplex control panel with alarm light and bell - your pumps are 208 V with FLA rating of 5 - Order Model #D203B-10 for panel only or Model #D203B-10-FB if you want the float kit included
