**Add Suffix For FLA Requirement (See table below)

*Add Suffix - "MB" to Model # If Ordering Pressure Bell Mounting Bracket or "TK" for a Tether Kit

The system comes standard with a pressure bell and 50ft of tubing. More tubing is available

To include elapsed time meters, cycle counters, and level read out a digital display may also be added

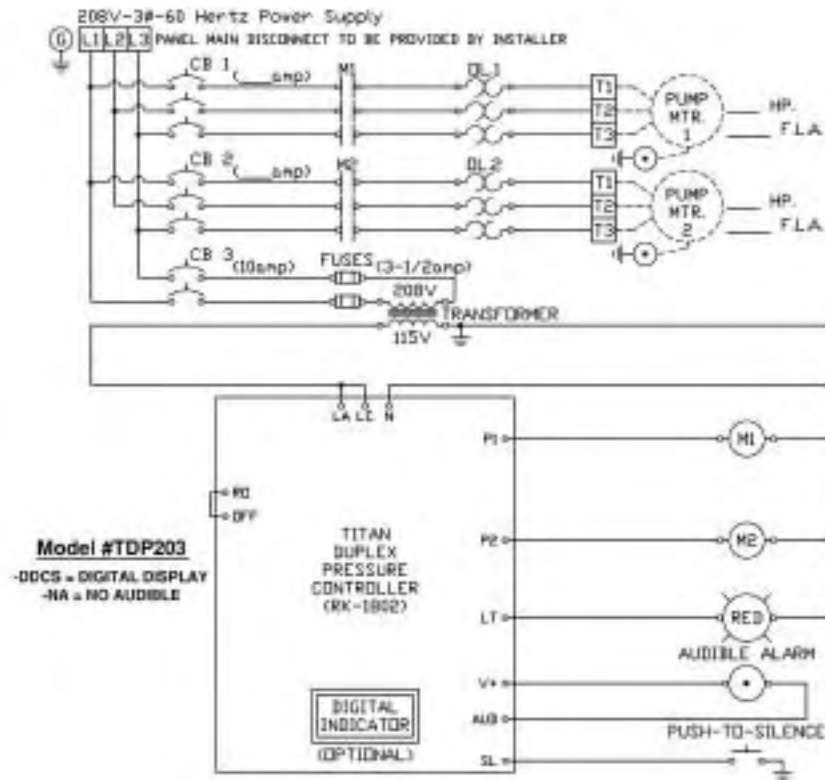

**FLA Rating Table

****Important****
 This Titan Series panel is for small effluent type pumps only. No provisions for motor heat sensors or seal probes are provided. When ordering any of the above panels, match the full-load-amperes (FLA), of the pump(s) you are using to the chart to the right and add the proper suffix to the model number. EXAMPLE: You need a duplex control panel with alarm light and Piezo - your pump is 208 V with FLA rating of 5 - Order Model #TDP203P-10 for panel only or Model #TDP203P-10-MB if you want the mounting bracket included
